About ACS(I)

The Association of Cutaneous Surgeons of India – ACS(I) – is the premier organization in the country devoted to the promotion and advancement of knowledge and skills in the field of surgical and aesthetic dermatology. The aim of the association is to educate dermatologists, conduct conferences and workshops, promote research and assist in public health education in the field of dermatologic surgery and, thereby, improve the quality of cutaneous surgery training in the country. ACS(I) is in existence since 1999. Its roots, however, go back to the last quinquennium of the 20th century when it was formed by the merger of two national bodies representing cutaneous surgeons in the country - the Association of Dermatologic Surgeons of India (ADSI) and the Indian Academy of Cutaneous Surgeons (IACS), established in 1995 and 1996 respectively.

The Editorial

Dear ACSI members,

I am happy to release the next issue of news letter of Association of Cutaneous Surgeons of India- ACSIPEN, the first of 2016. I am indeed privileged to be secretary of ACS(I) as well as editor of ACSIPEN. It is hard to take this task from my predecessor, energetic and always enthusiastic Dr. Shyamanta Barua who has proved to be an efficient secretary of ACS(I) and editor of ACSIPEN whom I always complement for doing a wonderful job. This issue is being published just prior to annual conference of ACS(I) "ACSICON 2016". It is heartening to learn that the ACSICON 2016, is scheduled from 21st to 23rd April 2016 at Mahabaleshwar which is known for its evergreen forest and land of cultivation of straw berries.

This ACSIPEN is focused to sensitize the members about the matters related to ACS(I) and to encourage them to participate in the conference. The main purpose of the newsletter is to communicate to the members, all the current activities of our association and future projects. Dr. Niti Khunger has done a commendable job as Editor-in –chief of JCAS and I must congratulate her and her entire editorial team for bringing out quality journal on regular basis. This year academy has been started which was initiated by Dr. Koushik Lahiri during his tenure as President. I must congratulate its Chairman, Dr. Somesh Gupta and Convener, Dr. Abhishek De for their meticulous planning and execution. Two zonal workshops focusing on basics in dermatosurgery, vitiligo surgeries, nail surgeries and hair transplantation were held successfully. Several projects have been planned for next year throughout the country.

We have continued membership drive initiated by previous EC. We have been sensitizing all dermatologists in India to become ACS(I) members and presently membership number has touched 1450!

I thank, our president ACS(I), Col. Dr. Manas Chatterjee for his constant encouragement and support for all the endeavors of ACS(I). He is the force behind all the activities. I also immensely thank our treasurer Dr. Shashi Kumar B M who has always been maintaining record meticulously and trying hard for completion of timely auditing. He has been helpful in all his capacities in addition to his job as treasurer. I also thank all Executive Committee members for their constant support and guidance. I consider myself privileged and fortunate to be associated with such an elite and highly experienced team of office bearers.

I appeal to all the members to contribute relevant article of academic importance for the next issue of ACSIPEN.

Looking forward to meet you all at Mahabaleshwar, during ACSICON 2016.

Jai Hind, Long Live ACS(I)

Dr. Umashankar Nagaraju

Honorary Secretary General

ACS(I) Presidential Address

It is the end of our first year at the helm and time for another edition of ACSIPEN. The past year has been active with the formation and activation of the ACS(I) Academy. Two workshops have been conducted under its aegis, both resounding successes, in tier two cities. Several plans are at various stages of fructification, such as the ACS(I) Academy Procedural Dermatosurgery step by step guide, more workshops around the country and the formulation of ACS(I) Dermatosurgery guidelines to name a few.

Plans are afoot to have a professional indemnity cum legal service for our members which cover all our procedures. Negotiations with the service providers are on. This again would be a feather in the cap of ACS(I).

The last ACSICON has been a financial unprecedented success and we wish the same for our Mahabaleshwar ACSICON. Taking up the stupendous task of organising the conference at this venue is itself a matter of credit and the organising and scientific committees have done an extraordinary job to ensure its success. The venue visit by President, Vice President (Dr T Salim) and Secretary was cordial and fruitful and its suggestions have been implemented. We look forward to this event.

The next conference at Bangalore will be in conjunction with IACD and ACSICON with WCOCD would be the first world congress in our speciality to be held in India. Arguably the best team in India chaparoned by our past President Dr Venkataram Mysore would I am sure make it a blue riband event.

During the past year, the ACS(I) study on the stability of Vitiligo led by Dr Imran Majid has been published and that on Isotretinoin and procedures is in review stages with JCAS.

Coming to JCAS, our Association accounts are in a happy state but we need to do more for the accounts of JCAS. A change of guard and appointment of a managing editor which have been done during our central council meeting at Coimbatore in January this year would revitalise the finances of the journal, I am optimistic.

Membership has been increasing steadily courtesy the stimulus of the conference and more of our members are into the serious business of dermatosurgery, which is such a welcome sign. As more of our workshops continue in cities outside of the metros, I am sure more of our members would benefit from them and evolve in their skills to ensure that dermatosurgical options are available to our needy patients around the country.

All in all, ACS(I) is progressing steadily and attempting to spread the awareness and scope of dermatosurgery simultaneously with providing members with the skills and logistics to ensure its continued performance. I am enthused by the response of our members to our various announcements and projects and I am sure that we would continue to make this kind of steady progress in the ensuing year.

Long Live ACS(I), Jai Hind.

Col. Dr. Manas Chatterjee

President

Report of Honorary General Secretary

At the outset, I express my heartfelt thanks to all esteemed members of our association for giving me this huge responsibility of the post of Honorary General Secretary of ACS(I).

17. ACSICON 2016 Venue Inspection: 30th January, 2016, Mahabaleshwar, Pune

ACS(I) INSPECTION TEAM

- ▲ Dr. Manas Chatterjee - President, ACS(I)
- ▲ Dr. Salim T - Vice President, ACS(I)
- ▲ Dr. Umashankar Nagaraju - Honorary General Secretary, ACS(I)

Organizing committee headed by its Chairperson Dr. Narendra Patwardhan which comprised of organizing co-chairperson Dr. Sharad Mutalik, Organizing secretaries, Dr. Nitheen Dhepe and

Dr.Pradyumna Vaidya, Scientific chairperson Dr.Dhanashree Bhide and Treasurer Dr.Amit Kelker were present throughout the venue inspection.

Dinner was arranged on 30th January 2016 at Sports club, Pune where detailed discussion on arrangements and scientific program was done. Scientific program was discussed with Scientific chairman Dr.Dhanashree Bhide. Oration, award papers, innovation awards and ADDQ to be plenary was ensured. Scientific chair also agreed to provide time and space to conduct EC and AGBM of ACSI along with Audio visual and video recording. Faculty dinner, welcome dinner and lunch areas proposed to have near swimming pool were inspected. OC has agreed to put barricade to ensure safety near swimming pool. Banquet area at MPG club was visited and team was satisfied with the spacious lawn which can accommodate more than 1500 members.

Industry stall area was visited and the team was satisfied with the space provided(2x3) for each stall.

Accommodation at the venue is comfortable and faculty who wish to stay at the venue can be accommodated at Hotel Dream land or at MPG club which is equally good in infrastructure and hospitality. Arrangements for tours and other events planned for delegates and accompanying persons were discussed and agreed by organizers.

Following points were observed by the inspection team and recommended the organizing committee to implement mandatorily. Organizing Committee agreed:

1. To have separate Pan card for ACSICON 2016 and not to use ACSI Pan card.
2. To have Bar coding system for entry into food area and Halls including workshops.
3. To erect Hall A with AC
4. To have inauguration on 21st April 2016 from 7pm to 8pm.
5. Non AC hall (Hall C) is to be used only for sponsored sessions after informing sponsors.
6. Suggestion after checking feasibility of increasing stall charges was suggested.

Formal ACSICON 2016 Memorandum of Understanding (MoU) was officially signed exchanged between Local Organizing committee and ACS(I) represented by ACS(I) President Dr.Manas Chatterjee and ACS(I) Hon. Gen. Secretary, Dr.Umashankar N on 30th January 2016.

18. ACSIdentity initiative: Previous Office bearers had initiated issuing an attractive badge, a membership card and a fresh membership certificate as part of the ACSIdentity initiative to all ACS(I) Life Members (LMs). Present office bearers too continued to give this privilege folder to every new LM and to those Provisional Life Members (PLMs) on qualifying for LM.

Dr. Umashankar Nagaraju
Honorary Secretary General

The Treasurer Speaks

First of all I would like to thank all members for bestowing the responsibility of treasurer. I will definitely do my very best to fulfill the responsibilities of this position. I would also like to thank all ACSI office bearers especially our president Dr Manas, past secretary, Dr Shymanta Barua and present secretary, Dr Umashankar who gave me positive input and guided me throughout. My special thanks to Dr Rajib Kr Gogoi, the past treasurer for his spirit of cooperation and helping me to understand the financial aspects.

I am happy to share that the association financial status is health and growing. The association's reserve balance is around 95 lakhs which is kept as FD. We have an additional reserve of 25 lakhs which is given as seed money for upcoming conferences. The net balance in the SB account is around 12 lakhs. Thanks to all organizers of ACSICON's who contributed enormously in the recent past which helped the association to grow financially. My sincere thanks to Dr Nilendu Sarma and its team for saving the biggest ever amount in ACSICON 2015.

I should admit that it's always a daunting task for a treasurer to complete the annual audit in a short time before it can be presented at the upcoming AGBM in April. In this regards, I would like to suggest few reforms in the association. Firstly, ACSICON organizers should have a separate PAN number. Secondly, an online membership portal with a acknowledge number for each application will eliminate last minute rush and accounting mismatch. It will also help conference organizers to identify non-members and freshly applied. Thirdly, a uniform registration amount to postgraduate and LM members would be an ideal system as it exists in IADVL.

Another pending issue is the ACSI textbook royalty sharing among authors. The net royalty received till date is Rs.18,32,295/-. After deducting tax, the net profit is Rs.12,82,607/-. I hope this AGBM will come out with a logical sharing system. JCAS, a prestigious journal of ACSI, is incurring add-on expenses of 4.5 lakhs. I hope with an appointment of dynamic managing editor, JCAS will show a profit trend.

Our membership registration fees and conference surplus remains the financial cornerstone of our organization and we are looking for ways to increase memberships. The immediate past two months are actually showing more registration. At the same time, we should come up with wise ways of spending the same on the members. I hope new ACSI academy will explore new avenues.

I will be happy to share further information along with audited report in the forthcoming conference.

Dr. Shashikumar B M

From the JCAS Editor's Desk

Hello Friend!

The journal of Cutaneous and Aesthetic Surgery (JCAS) is growing. There have been few achievements of the journal in the past one year. It has got indexed in Scopus Medicus and also got a reciprocal linkage with Plastic and Reconstructive Surgery Global open. However there are two things that require improvement. One is increase in superior quality of articles submitted to JCAS and increase in submission of videos and innovations. This is our journal and to improve it further lies in our hands by submitting our best quality work. The following is the statistics of the journal.

PERIOD: January - December 2015

1. **Manuscripts submitted – 144**
2. **Acceptance rate – 31 %**
3. **Successful in Scopus indexing.** Scopus is a bibliographic database containing abstracts and citations for academic journal articles. It covers nearly 22,000 titles from over 5,000 publishers, of which 20,000 are peer-reviewed journals in the scientific, technical, medical, and social sciences (including arts and humanities) But we need to improve.
4. **Reciprocal Linking with the journal - Plastic and Reconstructive Surgery-Global Open.** Plastic and Reconstructive Surgery-Global Open® is an open access, peer reviewed, international journal focusing on global plastic and reconstructive surgery.
5. **Revenue generation: As discussed in the previous meeting, advertisement tariffs were revised as follows:**

The tariffs are given below in rupees per year for **4 issues:**

- a. for cover page fold Existing rates 3.0 Lacs **proposed 2.0 lacs**
- b. for outside back cover Existing rates 2.0 Lacs **proposed 1.0 lacs**
- c. inside front cover and inside back cover existing 1.5 lacs **proposed 1.0 lac**
- d. for full page opposite table of contents existing 1.0 lac **proposed 75,000/-**
- e. for full page existing 80,000/- **proposed 50,000/-**
- f. for half page existing 50,000/- **proposed 25,000/-**

Academy Report

Dr. Somesh Gupta
Chairman, ACSI Academy

Dr. Abishesk De
Convenor, ACSI Academy

Introduction

ACS(I) Academy was formed last year with the vision of promoting the highest possible standards in practice, education and research in Dermatotomy and related disciplines; for the maximum representation of the specialty; for supporting and enhancing patient care and promoting public interest relating to Dermatotomy and also to enhance quality research in the field of Dermatotomy and related disciplines.

The members:

The following members constituted the academy:

Chairperson: Dr. Somesh Gupta

Convenor: Dr. Abhishek De

Ex – Officio members:

ACS(I) President Dr. Manas Chatterjee

ACS(I) Secretary Dr. Umashankar Nagraju

ACS(I) Treasurer Dr. Shashikumar BM

JCAS Editor Dr. Niti Khunger

Zonal Members

North Dr. Imran Majid

South Dr. Raghunatha Reddy

East Dr. Jagjeet Shethi

West Dr. Pradeepa Kumari

Armed Forces Dr. Shekhar Neema

Dermatotomy Workshops:

The academy has already started conducting multiple Dermatotomy workshops to promote quality and ethical Dermatotomy in India. The academy has taken a conscious decision to conduct these workshops in non-metro cities and remote areas as much as possible so that the Dermatotomy can spread its wings.

The first ever ACS(I) academy workshop was held in the Srinagar and it was an astounding success with more than 50 delegate having hands on experience on Dermatosurgery basics and vitiligo surgery. This was closely followed up in the second workshop at Shillong, where various Dermatosurgery procedures including acne surgery, vitiligo surgery, nail surgery and hair transplants were demonstrated by the experts designated by the academy.

In coming few months there will be workshops in almost every corner of the country including Erode, Manipal, Sholapur, Ahmedabad, Kolkata, Bhopal, Bhuvneswar and Hyderabad.

Step-by-Step Manual of Dermatosurgery

To complement the ACS(I) text book a handy step by step Dermatosurgery manual has been started by the academy. Dr. Biju Vasudevan was given the responsibility to edit the book. This book will aim at Photographic depiction of different Dermatosurgery procedure without going much at the details of the theory portion.

Guidelines:

The academy has taken the responsibility of forming the updated guidelines of different procedures. The members have noted that since the IADVL Taskforce guidelines written more than ten years back, no updated guidelines were created to standardize the Dermatosurgery practices in India. The academy proposes to the JCAS editorial to publish these guidelines. The academy has given the responsibility of the guidelines to the respective authority of the procedures and ropes in reputed members outside the academy also. We expect it to get ready for publication in three months from now.

Other works:

The academy assessed the ACS(I) innovation awards this year. The Academy would like to fix date, form the guideline of abstract submission, then judge the abstract and CV to suggest the suitable candidates to ACS(I). The academy would like to invite application and then allot applicant members the mentors as part of the ACS(I) mentorship program. We would like to encourage quality research in Dermatosurgery and related subjects by inviting application in original research and awarding grants. The academy would like to take over or monitor the Dermatosurgery registry. We would like to start/monitor / maintain social networking page for open discussion regarding different Dermatosurgery procedure. The academy believes that this will encourage newer generation/residents to interact with the some of the leading Dermatologists of India. This will promote ethical and quality Dermatosurgery in India.

My Experience:

Dr. Fabin Komu
fabin81@gmail.com

Greeting to respected Seniors and Colleagues...

I was awarded the ACS(I) Training Fellowship at VM Medical College and Safdarjang Hospital, New Delhi under the able guidance of Dr. Niti Khunger.

I had the opportunity to observe the spectrum of Dermatological procedures which included acne scar surgery, various modalities of vitiligo surgery, autologous fat grafting, hair restoration, to name a few.

Dr. Niti is not only a great teacher, but also a person with immense patience and dedication to her work and patients. Observing her interacting with the patients, her colleagues and her students was indeed an eye-opening experience.

I feel blessed to have had the chance to work under Dr. Niti, a great teacher who inspires me to keep learning and stretch my abilities.

I would like to express my sincere gratitude to my mentor, Dr. Salim for encouraging me and Team ACS(I) for awarding me this opportunity. Last, but not the least, my heartfelt thanks and regards to Dr. Niti Khunger.

"The mediocre teacher tells. The good teacher explains. The superior teacher demonstrates. The great teacher inspires."

ACSICON 2015: Conference Report

Dr. Nilendu Sarma
Organizing Secretary

ACSICON 2015, the 13th Annual Conference of the Association of Cutaneous Surgeons (I) was held on 09-11 Apr 2015 at Science City, Kolkata. More than 550 delegates attended the meeting.

This conference will be remembered for its pioneering success in the use of newer generation scientific and technical skill in any Indian conference of any discipline. Registration was mandatorily online through the website. Updated information was immediately accessible through all available social communication applications like whatsapp and facebook and a specialised conference mobile application. This conference will also be remembered for the excellent use of aesthetic designs and graphic that matched the theme of the conference of cutaneous surgery.

Registered delegates number crossed 500. About 100 faculty shared their knowledge and skill of advanced cutaneous surgery making one of the highest faculty delegate ratio for any medical conference in the world. Three international faculty Dr. Lawrence Field, Dr. Jorge Ocampo-candiani and Dr. Marisa Pongprutthipan graced the occasion with their vast knowledge.

The scientific program was very rich and covered almost every aspect of cutaneous surgery.

ACSICON 2015 was declared as ISD regional congress. There was a dedicated ISD session that was chaired by Dr. VK Sharma and the speakers were Rashmi Sarkar, Muralidhar Rajagopal and Dr M Ramam. ISD Membership forms were distributed to all the delegates from the ISD booth.

Key features were eight Hands-on workshops (injectable: basics, excision & suturing, chemical peels, lasers (basics & advanced), injectable (advanced), vitiligo surgery including cellular graft, PRP, whole day-long observational workshops on Lasers: Hair and Pigment, Lasers: Scar and Vascular, Botulinum Toxin (Advanced), Fillers (Advanced), Laser Lipolysis, acne Surgery, hair transplant, Vitiligo Surgery, Nail Surgery, Sclerotherapy, nine focused sessions on Basics of Dermatotomy, Nail Surgery, Vitiligo Surgery, Hair Restoration Surgery, Facial Rejuvenation and Laser.

There were other important sessions like Prof. PN Behl Oration, ACSI innovation award and other award Papers, free papers, electronic poster.

Report of Zonal Workshop

Srinagar (Kashmir)

Dr. Imran Majid

The ACSI Academy Dermatosurgery workshop at CUTIS Institute Srinagar Kashmir

ACSI Academy conducted the first of the proposed series of dermatosurgery workshops at Srinagar on 5th December 2015. The workshop was conducted at CUTIS Institute of Dermatology, Srinagar and organized by Dr Imran Majid, Associate Professor Dermatology and Director CUTIS Institute Srinagar. A total of 52 delegates attended the workshop with postgraduates and all senior faculty members including ex-HOD Dermatology GMC Srinagar being among the attendees.

The workshop started at 9 am in the morning and the first session was devoted to BASIC DERMATOSURGERY. There were 2 lectures followed by a hands-on training on basic dermatosurgery on ARTIFICIAL SKIN. The faculty consisting of Dr Somesh Gupta and Dr Niti Khunger demonstrated different excisions and suturing techniques and all delegates participated with great enthusiasm in the proceedings. Some basic dermatosurgical procedures were also performed on patients.

The post-lunch session was devoted to Vitiligo surgery and after 2 lectures live surgeries were performed. Overall 6 patients were operated in this session and 3 of them underwent Non-culture epidermal cell suspension surgery while smash grafting was performed in 1 case. Two patients underwent Ultrathin skin grafting as well. The faculty for this session included Dr Umashankar N and Dr Imran Majid. All the participating delegates remained glued to their seats till the end of the workshop at 7 pm.

Shillong

Dr. Jagjeet Sethi

The Zonal Dermatosurgery workshop the 1st of its kind was conducted on the 23rd March 2016 at Hope Clinic Shillong. It gave an opportunity to learn various useful dermatosurgery procedures and hair transplantation. A total of 23 delegates participated from the

NE states like Nagaland, Tripura Assam and Odisha.

The program started at 9am with a welcome address by Dr Wahlang followed by felicitation of faculty by Dr Jagjeet Sethi. The first presentation on Anaesthesia techniques was by Dr Manas Chatterjee who elaborated on different types of anaesthesia and how to give nerve blocks. Dr Niti Khunger spoke on basic excision and suturing and gave some very useful tips. Dr Biju Vasudevan's talk on Flap surgery - A dermatologist perspective generated keen interest in cancer surgery amongst the delegates. This was followed by some questions and answers.

There was an hour long hands on training imparted to the delegates on excision and closure and Suturing techniques.

Post lunch 18 cases were taken for live surgeries some delegates were fortunate to even get a hands on experience. Nail surgeries including partial, total nail avulsion, nail matrix biopsy and intra matrix injections were done. Vitiligo surgery 3 cases were done showing MPG, SBG, STSG and NCEs. Surgical removal of mole, cyst and dermatofibroma one of each case was done. Scar excision and subcision in 2 cases and different methods to treat Acne scars were shown. There was 1 case for FUE which went on over 5 hours.

The workshop got over at 5.30 pm all the delegates showed great enthusiasm and curiosity in all the procedures and admitted that they were so fortunate to be a part of this program and to interact with the finest of faculty. The hospitality was also appreciated by the delegates as well as the patients, breakfast, lunch and dinner were arranged for all.

The workshop was organized by dermatologists of Shillong with workshop coordinator Dr Jagjeet Sethi, organising president Dr Meera Wahlang, Secretary Dr Binod Kumar Thakur, Co- secretary Dr KA Sangma, Scientific coordinator Dr NS Beniwal, Workshop coordinators Dr Shikha Thakur, Dr Atoka Sumi, Dr Clarify Syrti., Adviser Dr Robin Paul and members Dr Daviete, Dr Lucy Sangma, Dr Ajay Thakur and Dr Sandra Albert.

I, on behalf of the entire Shillong team very thankful to ACSI for giving this opportunity to hold this workshop.

Feedbacks on Zonal Workshop in Shillong

It was a pleasure attending the workshop, meticulously planned and with the limited no. of participants was able to observe each & every procedure nicely. Faculties were great giving stress to minute details of procedures. Hope for such workshops more in the future.

Regards

Dr. Anal

The ACSI worksop at Shillong was a very beneficial learning experience. It was very well organized with the initial theoretical lectures followed by the practical demonstrations. The suturing techniques taught by giving us individual working stations helped us easily grasp the techniques. Dividing us into smaller groups while observing the procedures of acne surgery, hair transplantation, vitiligo and nail surgery helped us get a closer look at the procedures and interact easily with the esteemed faculties who answered all our queries patiently. Also allowing us to conduct the procedures hands on under the supervision of the learned faculties helped us better understand the procedures and rectify any mistakes then and there. Looking forward to attending more of such fruitful workshops and enriching experiences.

Regards,

Dr. Ananya Kalita
